

## 2010 Undergraduate Intern AGU Paper Schedule

S. Name Institution	Anticipated Graduation	Host Institution	AGU Abstract	Session Number
Katherine Anarde U. Colorado, Boulder	Spring 2011	Gabi Laske U. California - San Diego	A Joint Rayleigh and Love Wave Analysis for the Hawaiian PLUME Project	S13A-1986
Blaine Bockholt Brigham Young University	Fall 2010	Charles Langston U. Of Memphis	The Search for Non-volcanic Tremor on the Reelfoot Fault, Northern Tennessee	S23A-2094
Catherine Booth Rowan University	Spring 2011	Monica Kohler California Institute of Technology	The 2010 Southern California Ocean Bottom Seismometer Deployment	T21A-2132
Daniel Bowden U. California - San Diego	Fall 2010	Simon Klemperer Stanford University	Stanford - USGS Ultra-Low Frequency Electromagnetic Network: Hardware Developments in Magnetometer Calibration and Data Recording	NH31A-1338
Zachary Chartrand U. Mount Union	Spring 2011	Doug Christensen U. Alaska, Fairbanks	Seismicity at Uturuncu Volcano, Bolivia: Volcano-Tectonic Earthquake Swarms Triggered by the 2010 Maule, Chile Earthquake and Non-Triggered Background Activity	G33A-0845
Xenia Fave Florida Institute of Technology	Spring 2012	Beatrice Magnani U. Memphis	Pervasive post-Eocene faulting and folding in unconsolidated sediments of the Mississippi River, Central U.S. as imaged by high-resolution CHIRP seismic data	T51C-2068
Nick Mancinelli U. Notre Dame	Spring 2011	Anne Sheehan U. Colorado, Boulder	Data Quality Analysis for the Bighorn Arch Seismic Array Experiment	T51C-2065
Kelsey Schiltz Rice University	Spring 2011	Simon Klemperer Stanford University	Anatomy of a Metamorphic Core Complex: Preliminary Results of Ruby Mountains Seismic Experiment, Northeastern Nevada	T51C-2051
Martin Schwed Trinity University	Spring 2012	Michael Brudzinski Miami University	Non-volcanic tremor during several transient slip episodes in Alaska	S23A-2092
Kristen Schlanser Miami University	Spring 2012	Michael Brudzinski Miami University	Episodic tremor and slip along the Rivera and Cocos subduction zones of southern Mexico	S23A-2088
Zachari Swiecki U. Alabama	Spring 2012	Susan Schwartz U. California, Santa Cruz	Ambient Tremor, But No Triggered Tremor at the Northern Costa Rica Subduction Zone.	S23A-2108
Brian Terbush Hartwick College	Spring 2011	Kate Miller Texas A&M	Preliminary Results of the Active Source Portion of the Bighorns Array Seismic Experiment (BASE), North-Central Wyoming, USA	T51C-2070
Megan Torpey The College of New Jersey	Spring 2011	Miaki Ishii Harvard University	Digitization Procedures of Analogue Seismograms from the Adam Dziewonski Observatory (HRV) at Harvard, MA	S13C-2034
