Action Items

- AI(Scott): Will check on the feasibility of a waiting list of AGU DAS Workshop attendees, and any issues with recording the talks and making them available later.
- AI(Scott/Working Group Leads): Will send around the SEG-AGU Feb 2021 DAS RCN abstract for feedback and specific additions from working groups.
- AI(Yingping/Herb/Kasey): Convene a meeting during the December slot for the DAS RCN call for a Publications subgroup to discuss strategies for publishing in books, volumes, and special issues.
- AI(Working Group Leads): Ask working groups to provide the Data WG with example data products that would be useful (e.g. stacks, decimated data, event-snippets).
